

AURORA TOWER – VISION 2030

420 Queen Street

AURORA TOWER – VISION 2030

WHY VISION 2030 IS IMPORTANT

Two decades since first owners moved in. Many upgrades and improvements have been made since. Now its time to engage to community and work out what we want for the future. This will be the basis for upgrades and maintenance activities and assist with budget planning.

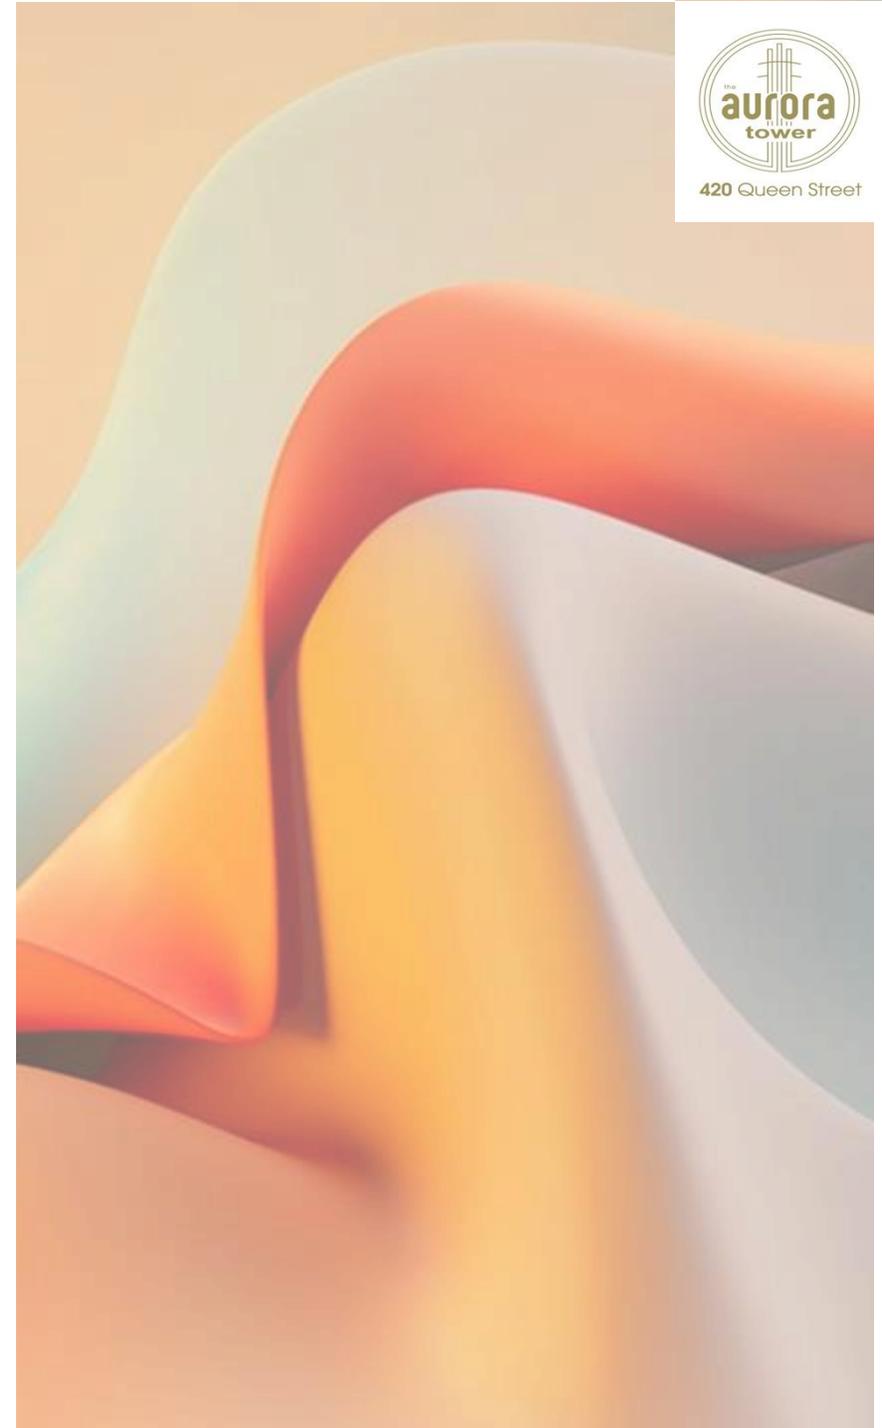

WHAT IS THE VISION FOR 2030

The Aurora Tower – delivering refined living and increasing values in a premier building.

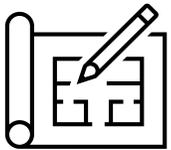

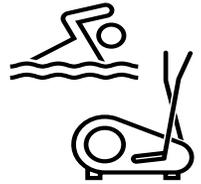

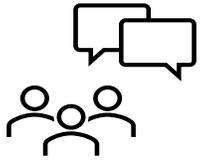

The Committee will refine this Vision in line with the feedback we receive.

420 Queen Street
